31. **Founders and other management team sections are missing. I have added all the images in the drive, and guest trainer information can be taken from the previous website. We can reduce the intro content and make it short**

About Us:

About Rhythmzz Academy of Dance

Secunderabad's IAO-Accredited Dance & Fitness Studio

Rhythmzz Academy of Dance was founded by Nitish Kumar in 2010 — built on one belief: that dance is the most powerful way to express yourself. What started as a passion project has grown into one of East Hyderabad's most trusted dance institutions.

In 2013, Rhythmzz became a registered dance company and opened its first studio in Sainikpuri, Secunderabad. As the academy grew, it moved to its current home at Neredmet X Road in 2015. In 2014, it earned accreditation from the IAO (International Accreditation Organization), USA — a standard very few dance studios in Telangana hold.

Today, Rhythmzz serves students from Sainikpuri, AS Rao Nagar, Yapral, Neredmet, Malkajgiri, and across East Hyderabad — with a team of accomplished instructors trained across multiple styles and methods.

We don't just teach dance. We build performers, storytellers, and confident individuals — one class at a time.

Vision & Mission

Our Vision
To become Hyderabad's leading institution for dance and performing arts — offering internationally recognised training, certified programmes, and a platform where every student evolves as a performer.

Our Mission

- **Deliver quality dance education under qualified, experienced instructors**
- **Offer certified Diploma and Degree-level programmes in dance and performing arts**
- **Provide training across multiple dance forms under one roof**

- **Create opportunities for students to perform, compete, and grow locally and internationally**
- **Collaborate with recognised dance institutions across India and globally**
- **Use the performing arts to connect cultures, build communities, and bring the world closer**

About founders :

Nitish Kumar

Founder & Artistic Director

Nitish Kumar started dancing professionally at 16 and turned that single decision into one of Secunderabad's most recognised dance academies. He holds a Diploma in Performance & Dance from ISPTD, Bengaluru, and has spent 15+ years teaching, choreographing, and performing across India and internationally.

He founded Rhythmzz in 2010, registered it as a company in 2013, and opened the studio at Neredmet X Road the same year. In 2014, the academy earned accreditation from the IAO (International Accreditation Organization), USA — a distinction very few dance studios in Telangana hold.

His work has never been confined to one city. Nitish has led dance projects and workshops in Toronto and Ottawa, Canada, represented India at the nATFEST International Contemporary Dance Festival in Sri Lanka (2017), and received recognition from platforms including Art Unites and the Indywood Film Carnival. He has also choreographed for colleges, schools, and corporate events across Hyderabad and Secunderabad.

At the studio, Rhythmzz has trained over 3,000 students, from children in Sainikpuri taking their first steps to working adults rediscovering movement after years away.

His guiding philosophy has stayed the same throughout: *"Quality instruction, done with care."*

Amulya Rajendran

Co-Founder & Legal Advisor

Amulya Rajendran has been part of Rhythmzz since its very beginning — long before the studio had its first student. An Electronics & Communications Engineer by training and a Master's in Business Law graduate from the National Law School of India University, she brings a rare combination of strategic thinking and legal clarity to everything she does.

As Co-Founder and Legal Advisor, Amulya oversees the governance, compliance, and long-term direction of the academy. She also leads its content and communication — giving Rhythmzz a consistent, credible voice across its website, social platforms, and events.

While Nitish builds the culture on the studio floor, Amulya ensures the institution behind it stands on solid ground. Together, they've grown Rhythmzz from a neighbourhood passion project into one of East Hyderabad's most trusted names in dance and fitness.

Who we are 👍

Meghna Menon

Content Creator & Writer

Meghna Menon has been part of the Rhythmzz family since 2015 — growing from team member to Assistant Manager, and now leading the academy's content, writing, and social media. She works closely with Nitish on the brand's growth, producing creative content and campaigns that capture what makes Rhythmzz different.

A Psychology graduate, she understands people as well as she understands storytelling, and it shows. Outside Rhythmzz, she's a YouTuber, Instagram fashion influencer, and passionate traveller whose energy reminds the whole team to enjoy every bit of what they do.

Saurabh Sureka

Director of Event Management

Saurabh Sureka brings 20+ years of event management experience to Rhythmzz, overseeing the conceptualisation and execution of the academy's performances, showcases, and large-scale productions.

He is also the Founder and CEO of Celebration Makers, a socio-cultural event company built on the belief that events are one of the most powerful ways to identify and nurture artistic talent across India. A social entrepreneur with a track record that spans two decades, he brings a level of professional ambition to Rhythmzz productions that goes well beyond a typical studio event.

Swapna Sujit

Studio Operations Manager

Swapna Sujit is the operational backbone of Rhythmzz Academy of Dance. Since joining in 2019, she has taken complete charge of the studio's day-to-day operations — from scheduling and student management to facilities and overall coordination.

She holds an M.Tech in Electronics and Communication (VLSI System Design) and brings with her 10 years of experience as an Assistant Professor at Marri Laxman Reddy Institute of Technology and Management, Hyderabad. A decade in academia builds exactly what a well-run studio demands — precision, people management, and the ability to maintain high standards consistently.

That combination of technical discipline and teaching experience is what makes Swapna exceptional in her role. Parents trust the experience, trainers have the support they need, and the studio runs the way a professional academy should.

Sheel Awasthi- Strategic Partner

Some partnerships are built in boardrooms. This one started in a school classroom in 7th grade.

Sheel Awasthi and Nitish Kumar go back further than Rhythmzz itself—and in 2026, that lifelong friendship became a formal strategic partnership that adds an entirely new dimension to the academy's growth.

A Solution Engineer and Solution Architect with 14+ years of corporate experience, Sheel brings deep expertise in technology, systems thinking, and scalable architecture to a creative institution ready for its next chapter. His background in the corporate world gives Rhythmzz access to the kind of strategic and technical thinking that most dance academies never get close to.

As Strategic Partner, Sheel works alongside Nitish on the bigger picture — growth strategy, technology integration, and building Rhythmzz into a brand that is as strong digitally as it is on the studio floor.
